Subject: VB/I70 OU1 Draft Remedial Action  
Report

Dan,

Attached is the draft remedial action report for OU1 of the VB/I70 for CDPHE review. Since Barb O'Grady was the project officer during this work, I was not sure who would review this document. Also, this is a completing this report is a target for FY2008, so I would appreciate CDPHE comments by Sept 25th.

Victor.

Yes, I have reviewed the RAP for VB/I-70 OU1.  
I don't have any comments. Do you need a letter, or is this E-mail  
sufficient?

Fonda,

Did you get a chance to review the remedial action report vor VB/I70? I  
would like to send it to EPA management for approval.

Thanks
